

# How to Tie a Tie

By: Alana and Amanda

**Have the smaller end higher than the bigger one.**

**Cross the big end over the smaller end.**

**Put the big end under small end.**

**Put the big end in front now.**

**Put the big end through the space though your neck and tie**

**Pull tie through the hole around the the two sides of the tie.**

Like this

**Now pull the big end to tighten.**

**Pull the little end.**

**Or you can hold both while pull the small end.**

**And you look great because it's done.**
