

Personal Portfolio Website Assignment- Mr Shelor's Class

Your task is to build a simple drag & drop website...We will be using this website to collect and display all of your work in this class this year...Here is how we are going to do it...

1. Go on the computer and open up an internet browser, and then go to www.google.com and do a search for "Weebly". Once you get to www.weebly.com, then look for the "sign up free" form. You will need an email address to get logged in.. If you don't have an email address, tell Mr Shelor

Here are the instructions once you get inside of WEEBLY.

- a. **The focus of your site= SITE..**
- b. Then you must choose a "**THEME**". Once you choose your theme, you will then be asked about your domain.
- c. Now you will be asked to choose a **domain or name**.....

Choose Your Website Domain

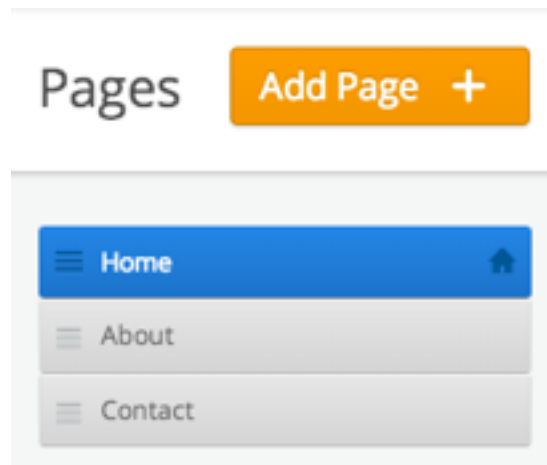

This is the address where people will find your website online. Reserve your domain now or skip this step and choose it later.

Use a Subdomain of Weebly.com
A great way to get your website started

http:// .weebly.com

This will be the name of your website....use your name or a version of your name... Once Weebly accepts your name...you then will begin to "build your site".

- d. Once you are inside of the "site builder", click on the "PAGES" tab.

You will need 6 pages...

1. Home
2. About
3. Contact
4. My Work
5. Blog
6. Notes

Personal Portfolio Website Assignment- Mr Shelor's Class

Website Build Info.....

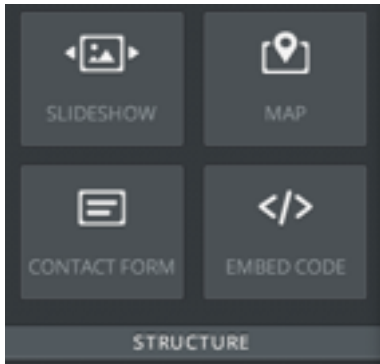

a. On the **Home Page** you need a picture of yourself. We can use "PHOTO BOOTH" to take and upload a picture to this.

You will also need "**PARAGRAPH 1 of your Personal Info document.**

You will create a new text box on this page.. and will copy and paste PARAGRAPH 1 onto this page.

b. **About Page:** Here you will need to copy and paste Paragraphs 2-4 from your pages document "Personal News Article" into a text box ...You will also need to add a few more pictures of you, and also of some of your favorite things..you can get these pics from the web

c. **Contact Page-** on this page you will only need to drag a "**Contact Form**" from the Basic Toolbox....and then you will need to **click on the form options** to:

Edit the title & to set up your email return address.

This is to make sure when people go to your contact page, the message will get sent to you. Mr S will show you in class, and if you need help, he will come by to see you.
